

Recycling at South Lake

Following on from our really successful clothing collection earlier in the year, the PTFA are launching a bigger recycling scheme for the whole school. The funds raised will go towards the recycling education workshops for all the year groups.

Clothing, soft toys and textiles

We are recycling with Happy Bags. The next collection date is 5th July. We will not be supplied with bags this time so please donate your items in a bag. Take to the shed in the key stage 2 playground or leave at the recycling points.

Crisp packets, including the multipack outer packs

We are recycling with Terracycle for this scheme. Please bring in your empty crisp packets and put them in the recycling bins, that are situated in each playground.

Pringles Tubes

Like crisp packets, we are recycling these with Terracycle. Please note, we are only taking Pringles tubes at present.

Ella's Kitchen Food Pouches

Terracycle are accepting all types of Ella's Kitchen packaging. Including food pouches, plastic caps and snack packets.

There will be designated bins clearly marked in the playgrounds

Other schemes will come on board as we are accepted onto new schemes. In the meantime get recycling the items above and help the school raise vital funds.
