

South Lake Primary School
School Improvement Plan Headlines 2020-2021

Curriculum

To improve knowledge, attitudes and outcomes for all our children by ensuring our curriculum is inclusive and engaging for previously under-represented groups in its subject matter and teaching materials.

Providing a curriculum fit for our children so they have knowledge, skills and attributes conducive to success in later life.

Maths

To introduce a mastery curriculum for maths over the next two years, so that all pupils have acquired the fundamental facts and concepts of maths for their year group and are confident in applying them in different contexts.

Reading

Ensuring the consistency and rigour in the teaching of reading, from Early Years onwards. Improving the reading curriculum by ensuring reading materials are inclusive and engaging for all children, with a focus on groups that are under-represented in our library offer.
